

PM1501 ESD Mat & Table Top Cleaner

Multi-Purpose Anti-Static Cleaner Designed to Maintain the Surface Resistivity of ESD Surfaces

StaticCARE™ ESD mat and table top cleaner is safe and effective cleaning solution for electrostatic protected areas (EPAs) and anti-static equipment. A specialized non-hazardous, non-flammable formula removes contamination such as dirt, grease, grime, fingerprints and solder flux from all surfaces in an EPA. The residue from common cleaning products can result in an insulative surface layer, thus reducing grounding performance ESD equipment and may put your ESD sensitive products at risk.

StaticCARE™ ESD mat and table top cleaner may also be used to clean computer screens, computer cases, and plexiglass surfaces. Environmentally safe, it is noncorrosive, nonflammable, and biodegradable.

Directions

For ESD Surfaces such as mats or table tops, apply StaticCARE™ ESD mat and table top cleaner to the entire surface. Use a lint-free cloth to wipe the surface until dry. For tough stains, soak the for 30 seconds before wiping clean. For smaller surfaces, the cleaner can be applied to a cloth or swab. For computers and acrylic surfaces, dilute 1:4 with water

It is recommended to test the surface after cleaning to ensure that all insulative contaminants such as dirt and grime have been removed

Specifications:

Net Contents: 32 Fluid Ounces (0.95 Liters)
 Appearance: Light Blue Color
 pH: 8.5-9.5
 Vapor Pressure: 18.0 mmHG
 Vapor Density: 1.02
 Relative Density: 1.0
 Viscosity: 5-15 cps @25C
 Active Ingredients: Anti-static and quaternary compounds
 Electrostatic Decay Time: 0.1 Seconds
 Does Not Contain: Ammonia, Alkali, Acid, Phosphates, Abrasives

Part Numbers:

PM1501: ESD Mat Cleaner—1Quart, Spray Bottle
 PM1502: ESD Mat Cleaner—1Gallon

Features

- Multi-purpose anti-static cleaner designed to clean and maintain a broad range of static dissipative surfaces
- Remove contamination while ensuring static dissipative properties
- Can be used to clean other surfaces, such as computer equipment
- Environmentally safe, noncorrosive, nonflammable, and biodegradable

Applications:

StaticCare ESD Mat Cleaner is specifically designed for cleaning and maintaining a broad range surfaces, specifically ESD, anti-static, conductive and dissipative surfaces.
