

## ESD HEEL GROUNDERS SELECTION GUIDE

### HOW ESD HEEL GROUNDERS WORK

Transforming Technologies' Heel grounders are designed with comfort, reliability and value in mind. Heel grounders quickly and effectively drain the static charges which accumulate on personnel during normal, everyday activities. Heel grounders provide a continuous ground path between the operator and properly grounded ESD flooring. They are designed for use in applications anywhere user mobility is required, such as wave solder, kitting, and quality control.

**Cup Style:** Made with two reversible soles for longer life span.

**Foot Grounder:** Provides a more complete, natural path-to-ground due to wider contact area and heel-to-toe coverage. Great for the nervous ESD manager.

**Sport Style:** An elastic back strap molds better to boots and cross-training athletic shoes.

**Disposable:** Economical and perfect for one time use.

**Toe Grounder:** Ideal for high heels when standard heel grounders won't fit properly.

# ESD HEEL GROUNDING SELECTION GUIDE

| Part Number | Features                                      | Color        | Closure        |
|-------------|---|--------------|----------------|
| HG1232      | Heel Cup, 1meg Resistor                       | Blue         | Buckle         |
| HG1246      | Heel Cup, 1meg Resistor                       | Blue         | D-Ring         |
| HG1341      | Heel Cup, 1meg Resistor                       | Blue         | Hook and Loop  |
| HG1360TT    | Heel Cup, 1meg Resistor                       | Black        | Hook and Loop  |
| HG1360BTT   | Heel Cup, 1meg Resistor                       | Blue         | Hook and Loop  |
| HG1360NM-2  | Heel Cup, 1meg Resistor, Non-Marking          | Blue         | Hook and Loop  |
| HG1360RTT   | Heel Cup, 1meg Resistor                       | Red          | Hook and Loop  |
| HG1360XL    | Heel Cup, 1meg Resistor, Extra Large          | Black        | Hook and Loop  |
| HG1370TT    | Heel Cup, 1meg Resistor                       | Orange       | Hook and Loop  |
| HG1390S     | Heel Cup, 1meg Resistor, High Visibility      | Yellow       | Hook and Loop  |
| HG1580NM    | Sport Style , 1meg Resistor, Non-Marking      | Blue/Red     | Buckle         |
| HG1590      | Sport Style, 1meg Resistor                    | Blue/Red     | Hook and Loop  |
| HG1594      | Sport Style, 1meg Resistor                    | Blue/Red     | D-Ring         |
| HG1910B     | Heel Cup, 1meg Resistor                       | Blue         | Hook and Loop  |
| HG1910Y     | Heel Cup, 1meg Resistor                       | Yellow       | Hook and Loop  |
| HG2520      | Toe Grounder, 1meg Resistor, Women's Footwear | Black        | Hook and Loop  |
| HG4560      | Disposable, 12" Length                        | Black/Yellow | Adhesive Strip |
| HG4560L     | Disposable, 24" Length                        | Black/Yellow | Adhesive Strip |
| HG6005      | Full Sole Coverage, 1meg Resistor, XS         | Blue         | Hook and Loop  |
| HG6010      | Full Sole Coverage, 1meg Resistor, S          | Blue         | Hook and Loop  |
| HG6012      | Full Sole Coverage, 2meg Resistor, S          | Blue         | Hook and Loop  |
| HG6020      | Full Sole Coverage, 1meg Resistor, M          | Blue         | Hook and Loop  |
| HG6022      | Full Sole Coverage, 2meg Resistor, M          | Blue         | Hook and Loop  |
| HG6030      | Full Sole Coverage, 1meg Resistor, L          | Blue         | Hook and Loop  |
| HG6032      | Full Sole Coverage, 2meg Resistor, L          | Blue         | Hook and Loop  |
| HG6052      | Full Sole Coverage, 2meg Resistor, XS         | Blue         | Hook and Loop  |
